**LOOKING FOR A PROFITABLE PADLOCK LINE?  
SESAMEE® BY CCL SECURITY PRODUCTS™ INTRODUCES  
NEW LINE OF LAMINATED PADLOCKS.**

*Laminated Padlocks have been used for many years and now Sesamee®, which has led the world in innovation and flexibility, introduces its latest Laminated Padlock Series.*

**July 2013, Wheeling, Illinois**—Sesamee® 400 Series Laminated Padlocks offer the **greatest security and fit for real world applications**. They are virtually indestructible, with hardened, laminated steel bodies that resist cutting, sawing and corrosion and hardened molybdenum alloy steel shackles that offer superior cut resistance.

The Sesamee® 400 Series Laminated Padlocks feature four pin brass cylinders and dual ball bearing locking mechanisms to resist picking, pulling and prying. They're ideal for securing security gates, sheds, truck and van doors, industrial machinery and construction equipment. The product is available Rekeyable, Non-Rekeyable, Keyed Alike, Keyed Differently and 0-Bitted. Features and Benefits of the Sesamee® 400 Series Laminated Padlocks

- Molybdenum Alloy Shackle- Extra protection against cutting
- Double ball bearing locking mechanism- Extra protection to resist picking, pulling and prying
- Steel Laminated body- Added resistance to corrosion
- M1 Keyway
- Made in Taiwan and Designed in Wheeling, Illinois
