

## Portable Security

reliable security in a fast moving world

### 760 Series SFIC 1 3/4" Brass Padlock

The Sesamee® Small Format Interchangeable Cores (SFIC) are widely used in many applications where re-keying is a regular occurrence due to employee turnover or other security concerns.

CCL's Sesamee® 760 Series serves as the most popular and reliable style of lock for office complexes, universities, and government buildings around the world.

corrosion resistant | moly, brass and stainless shackles | 6- or 7-pin systems | bumper for protection  
compatible with all small format cores including Arrow, Best, Falcon and KSP
